An examination of candidates from the Madras Presidency will be held on Monday 1st September 1919, at the College of Engineering, Madras, and provincially at the office of any superior officer of the Public Works Department. The examination at any centre will be invalidated if it be not begun and completed on the abovementioned date, but the officer superintending the examination may make his own arrangements with the candidates regarding the place and hour of the examination. Candidates for examination at the College will forward their applications direct to the Principal on or before the last Monday in August.

Provincial candidates should apply to a superior officer of the Public Works Department not later than thirty days previous to the date fixed for the examination. Their applications must be forwarded to the Principal through the Public Works Officer.

The fee for the examination is Rs. 10. Every application must be accompanied by a Treasury officer's receipt for this amount, which will, under no circumstances, be refunded (no fees will be received in cash by the Principal), and the following certificates:—

(b) Certificate that the candidate is under 28 years of age, which must be signed by a Medical Officer of rank not lower than Assistant Surgeon. (A candidate already in Government employ*—whether permanent or temporary—may be allowed to compete in the examination even if he is more than 28 years of age and may be appointed to an accountantship if he passes it but if he is not already in pensionable service he will be eligible only for appointment to the non-pensionable establishment on State Railways.)

* This term includes employment under local boards and foreign bodies if such is pensionable by the British Government.

(c) Certificate that the application is in the candidate's handwriting. These certificates may be submitted in original, *or by authenticated copies*, but none will be returned.

I consent to superintend the examination of the applicant at the abovenamed place.

Each examination is complete in itself. A candidate who fails at an examination and wishes to appear at a subsequent one must furnish a fresh fee and certificates and undergo the full examination.

The College of Engineering acts solely as an examining agency; passed candidates should apply (1) to the Accountant-General, Madras, for direct appointment as accountant, (2) to Superintending Engineers for appointment as clerks in the Superintending and the Executive Engineers' offices. The passing of the examination does not give any claim to appointment and in the selection of candidates for appointment, care will be taken that different races and castes are fairly represented.

After each examination, lists of successful candidates will be forwarded to the Accountant-General, Madras, and to the Superintending Engineers of Circles in the Madras Presidency.

For the transport of liquor issued from distilleries, warehouses and wholesale depots, arrack shopkeepers should provide themselves with jars or other receptacles that can be effectively closed and sealed; and the officer in charge of the distillery or warehouse or the depotkeeper should refuse to issue liquor in receptacles which cannot be so closed and sealed. The contract supplier and wholesale depotkeepers are bound to sell to all persons licensed to purchase from them on payment of the sales in legal tender. Depot and shopkeepers shall be entitled to have issued to them from the distillery or warehouse in the order of their applications and with all reasonable despatch any spirit which they are licensed to sell at any of the prescribed strengths. Shopkeepers are entitled to obtain liquor from a distillery or warehouse even if there is a wholesale depot in the same place. Supplies to shops shall, however, be subject to the provisions as to sources of supply given in the table attached to condition 2.

4. The quantities purchased at one time shall not fall below the following minima :—

| Persons purchasing. | From a distillery. | From wholesale depots. |

The cost price of spirits purchased should be paid to the contract supplier.

7. In the case of purchases from wholesale depots the excise duty must be paid to the depotkeeper with the cost price.

8. Shopkeepers shall have no interest in arrack wholesale depots.

II. SPECIAL CONDITIONS APPLICABLE TO ARRACK WHOLESALE DEPOT LICENCES.

1. Each cask in a depot shall have its capacity legibly cut, branded or painted on it. The licensee will be responsible for the correctness of such marks. The contents of casks of 30 gallons and upwards must be marked to the nearest half gallon, those of smaller sizes to the nearest quarter gallon.

2. No consignments of spirits received at depots from the distillery shall be opened before they have been gauged and proved by an authorized Government Officer. 3. Each depot must be furnished with a hydrometer of such pattern as may be prescribed by the Commissioner of Salt, Abkari and Separate Revenue, a thermometer and a bung-rod. Bung-rods, and, if required, hydrometers and thermometers also will be supplied by the department on payment of the cost.

4. 5. Spirits shall be sold only to licensed vendors in the agency tracts.

6. Wholesale depotkeepers shall send letters of advice to the Sub-Inspector of the range in which the shop is situated, whenever a consignment is issued to a shop in a different range from the depot. Letters of advice relating to shops in the same range as the depot shall invariably be written up by the depotkeeper at the time of writing the permit and either sent to the Sub-Inspector or handed over to him when he next inspects the depot.

7. A wastage allowance up to 3 per cent on the quantity advised to each cask received at the depot will be allowed to wholesale depotkeepers who should submit to the Inspector of the circle in which the depot is situated a statement showing (i) the number of the cask received at the depot, (ii) the quantity advised to each cask, (iii) the quantity returned, and (iv) the wastage ascertained in

each case. The statement should be submitted not later than the 5th of the month following that to which it relates. All cases of wastage in excess of the 3 per cent limit will be dealt with by Collectors at their discretion, by a fine not exceeding double the duty payable on the excess wastage. Only one cask should be kept open at a time for issue. Depotkeepers should show clearly in their account books the cask from which each consignment or part of a consignment is issued.

8. Depotkeepers are required to seal all consignments of liquor issued to shops at their own cost. Collectors may require that a portion at each supply from a depot to a shop shall be in sealed bottles. The depotkeepers shall use a private seal, an impression of which shall be made not only on the jars or other receptacles in which liquor is issued, but also on the permits issued with the consignments. All depotkeepers will be required at the beginning of the year to furnish the Inspector of the circle within which their depot is situated with a clear impression of the seal to be used and will not be permitted to change the seal during the year.

9. Depotkeepers or their employees shall have no interest in retail arrack shops.

3. No toddy except the produce of trees, for the tapping of which a licence has been issued, shall be kept in the shop, offered for sale or sold.

4. The Collector will fix the minimum number of trees to be entered in original applications for tree-tapping licences.

5. The licence confers no right to the free use of any trees.

6. Arrangements for tapping private trees must be made with the owners thereof and tree-tax at the prescribed rates paid thereon.

7. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licences granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

8. Toddy may be imported from His Exalted Highness the Nizam's Dominions for sale in toddy shops in the Bellary district on payment of a duty at two and a half annas per gallon.

9. Toddy shopkeepers in British districts adjoining Mysore, Banganapalle and Pudukkottai will be allowed to tap trees in those States on payment of tree-tax into British treasuries in the case of Mysore and Banganapalle and into the State treasury in the case of Pudukkottai.

10. The addition of water to and the distillation of spirits from toddy are absolutely prohibited.
